Good Air. - Good View. - Good Health.

A Special Invitation is extended to Everybody to visit Honolulu's most delightful residence site,

PACIFIC HEIGHTS.

Via Maxima KAIULANI DRIVE—Aptly termed, the Via Maxima or Grand Boulevard, and in itself an artistic piece of engineering—affords easy access to all points, as also scenic and marine views of exquisite grandeur at every turn.

Electric Railway. Contracts have been let for material, and the work of construction, equipping and installation placed in the hands of a competent electrical engineer to be fully completed by June 1st. Having an independent power plant we are prepared to furnish power for electric lighting, heating and other purposes, to our home builders at most reasonable rates.

As Promised. Our reservoirs are now completed and water mains laid so as to supply each lot. Permits for making water connections will be granted on application. An inspection of the attractive homes now building, or the name of purchasers of lots, will convince anyone that PACIFIC HEIGHTS is the choicest and most select of all the residence sites of Honolulu.

THE COUNCIL OF STATE.

Sad Session For Sammy's Surplus.

The Council of State met yesterday afternoon at 3:15 instead of at 2 p. m., as previously set. There were present President Dole and Ministers Alex. Young, E. A. Mott-Smith, S. M. Damon, and H. E. Cooper. Councilors Secretary C. Bolte, Cecil Brown, A. G. M. Robertson, Mark Robinson, John Nott, M. A. Gonsalves, W. C. Achi, D. P. R. Isenberg, J. L. Kaulukou, S. K. Kane and A. V. Gear. President Dr. Wood of the Board of Health was also present, on the invitation of the Executive Council, to state the views of the former body to the Council of State.

After roll call and the reading and approval of the minutes of the previous meeting the President asked the Minister of Finance to read the Act for Sewer Appropriation.

Minister Damon stated that it had been voted by the Executive Council yesterday to recommend the appropriation of \$345,253.24 for the extension and completion of the sewer system, and in accordance with that action the following act had been prepared, which he would read:

An Act Making Special Appropriation for the use of the Department of the Interior during the two years which will end with the 31st day of December, 1901.

Subject to the approval of the President of the United States.

Be it enacted by the Council of State of the Republic of Hawaii:

Section 1. The following sums, amounting to \$345,253.24, are hereby appropriated out of any moneys which will be received by the Treasury during the biennial period ending December 31st, A. D. 1901, from the loan authorized by an act passed by the Legislature of 1896, entitled "An Act to Provide for Public Loans Out of Any Moneys Now in the Treasury or Which May Hereafter Be Received by the Treasury Out of Any Surplus Receipts From Deposits in the Postal Savings Bank or From Any Balance in Hand From the Loan Fund From Whatever Source on the 31st day of December, 1899;" provided, however, that any moneys advanced from current receipts or from deposits in the Postal Savings Bank for the objects named may as soon as practicable be reimbursed from moneys obtained from such loan.

For the completion of sewerage authorized under Act 63, approved the 7th day of July, 1898, and the extension of the same under plans submitted by Rudolph Hering and the further extension of sewerage to outlying districts\$345,253.24

Sec. 2. Every contract for constructing such public works or for furnishing material therefor amounting to \$500 shall be awarded only upon public advertisement for tenders; and no public work or requirement for material therefor shall be divided or parceled out for the purpose of evading the provisions of this section.

Sec. 3. This Act shall take effect from the date of its approval by the President of the United States.

The next act passed was to pay accounts accruing from the manufacturing of rat-pomade, sulphuric acid, disinfectants and back bills. It reads:

An Act Making Special Appropriation for Payment of Expenses Incurred by the Epidemic of Bubonic Plague.

Be it enacted by the Council of State of the Republic of Hawaii:

Section 1. The following sum, amounting to \$100,000, is hereby appropriated to be paid out of all the moneys in the Treasury received from all the current receipts of the general revenues of the Republic of Hawaii:

To be placed to the credit of the fund for the suppression of bubonic plague\$100,000

Mr. Damon stated there were still \$140,000 of the former appropriation left; but of this amount \$138,000 would be paid out for bills already contracted in the hands of the auditor. The Government now needed further funds to suppress the plague. The bill was passed without argument.

BY AUTHORITY.

NOTICE TO SHIPPERS.

In the matter of disinfection or fumigation of freight, shippers will make no distinctions between that destined for points on the Island of Oahu and that destined to points on other Islands.

The original cases must be opened and the straw or loose paper wrapper or sawdust or other packing material removed from each bottle or tin, each bottle or tin is then to be dipped in an approved disinfecting solution; the interior of the original case is then to be washed out with disinfectant; in repacking the already disinfected bottle or tin no wrapper may be used unless same has first been fumigated or disinfected; the filled case is to be closed up and the entire exterior is to be disinfected.

In cases where the tinned or bottled goods have no loose paper or straw wrapping, or where they are not packed in sawdust or any similar substance the entire original package, after two or more large openings have been made in it, may be dipped in a disinfecting solution; but great care must be exercised to ensure the thorough disinfection of each tin or bottle and the whole interior of the original package as well as the whole exterior surface of such original package.

Shippers having the interests of the entire Island community at heart will exercise very cheerfully every precaution and assist rather than impede the efforts of the Board of Health in preventing a further spread of bubonic plague in these Hawaiian Islands.

Willful infringement or careless disregard of these or other regulations of the Board of Health on the part of shippers will be followed by the immediate withdrawal of privilege of shipment of any goods whatever by those engaging in such infringement or carelessness.
